

Pricing, Value & Access Lead

Job ID
REQ-10022783
Dec 11, 2024
Kazakhstan

Summary

The purpose of the role is to contribute to Emerging Markets vision and strategy and to lead the Value & Access team to implement the strategy, identifying tactics and frameworks in-line with Local, Regional and Global imperatives. This involves collaborating with Novartis functional leaders, influential payers, national and regional reimbursement and listings decision makers and opinion leaders and patient representatives to shape the market access environment and Novartis' approach to achieve sustained access to mature and launch brands for all eligible patients. It requires the coordination, resource allocation, coaching and development of Pricing, Value & Access people to analyze data, compile evidence, generate insights and identify coherent opportunities to jointly create value for customers, patients and Novartis.

About the Role

Major accountabilities:

- Contribute to and share Emerging Markets vision for sustainable patient access and communicate it within Value & Access and with stakeholders.
- Develop sustained patient access strategies & plans for mature and launching products based on meaningful market insights and anticipated changes in the healthcare environment.
- Ensure achievement of Pricing & Reimbursement objectives for new products, protection of mature brands and horizon scanning to anticipate significant future challenges.
- Ensure inclusion of priority brands in reimbursement lists. Lead and manage submission of listing and pricing dossiers and the process around it. Initiates, organizes, and participates at high-level events to support listing & reimbursement.
- Use Health Technology Assessment (HTA) evaluations to communicate product value
- Lead the development and early integration of V&A plans aligned with Emerging Markets priorities, into brand strategies throughout the product life cycle to enable sustained patient access.
- Lead the implementation of V&A strategy in Emerging Markets, ensuring proper resource allocation to achieve financial targets and enable sustained patient access.
- Lead V&A change initiatives that result from Patient Access insights and inputs.
- Ensure the V&A team delivers operational excellence and drives for superior results, by being proactive, planning and implementing projects/initiatives aligned with business priorities.
- Lead close collaboration between Value & Access and other functions (Sales, Marketing, Medical etc.). Conducts educational programs for the internal stakeholders on Market Access topics, when required / upon request.
- Initiates regular and ongoing analysis of the shifting socio-economic, political, and media environment in Kazakhstan in order to provide stakeholders with timely reports and information on potential opportunities and threats as relates to the Company's short and long-term business activities.

- Provide continuous V&A input into brand strategies.
- Build and sustain a strong network across functions locally and regionally that builds and implements value propositions with customers.
- Engage external customers to endorse and adopt innovative value propositions in their practice.
- Identify, attract, develop, and retain V&A talent considering best practices from other markets.
- Develop and align pricing strategy with cluster and global level
- Develop local market access strategy for each funding source
- Implement new procurement approaches and managed entry agreements approaches
- Ensure V&A of Novartis brands in private accounts
- Build up RWE to support expansion of reimbursement coverage

Key performance indicators:

- Financial and Business Results:
 - Quality of dossiers for listing (no returns).
 - No. of listed products.
 - No. of successful applications vs total quantity.
