Taiwan

Summary

As Health Technology Assessment (HTA) expert to implement local PE collaboration and review BIA model. Achieve new product/indication NHIA reimbursement in a timely manner, while maintaining active engagement with key stakeholders and authorities, while supporting projects in shaping healthcare or reimbursement policies.

About the Role

Major accountabilities:

- Develop, process and execute Value Access and HEOR strategies to accelerate early access and maximize market potential for responsible products.
- Apply for new product/indication reimbursement in time with expected price.
- Lead x-functional process in gaining price/ reimbursement for new products and criteria relaxation for indication extension
- Cooperate with medical/ regulatory affairs to smoothen the registration process in order to accelerate product/indication registration, so as to allow earlier reimbursement
- Build up partnership with key decision makers.
- Manage the reimbursement price under the regular PV cut, DET or off-patent cut environment
- Conceptual thinking to propose the strategy/ actions by understanding the changing health and pharmaceutical environments
- Government/ Public communication to shape the healthcare environment by working with CPO or industry association
- Lead and coach junior market access associate(s), as required

Key performance indicators:

- Meet the objectives of Value Access and HEOR projects
- Keep good communication with the government/public to monitor the dynamics of healthcare policies
- Generate efficient and effective Value Access and HEOR strategies and actions to support business

Minimum Requirements:

Work Experience:

- Bachelor degree or above majors in pharmacy/public health with health economic background
- At least 2 years in Patient Access and HTA related experience, or at least 4-year experience in marketing or medical (a plus with experiences in health policy, communication, Access, HEOR, HTA, new product launch, promotional activities, etc.).
- Number sensitivity, data analysis capability and excel ability is needed.

- Being agile to change, purpose-driven, willing to support others' success

Skills:

- Agility.
- Analytical Skill.
- Analytical Thinking.
- Cross-Functional Collaboration.
- Customer-Centric Mindset.
- Health Economics.
- Health Technology Assessment (Hta).
- Market Access.

Languages :

- English.
- Mandarin
