

Internship in Manufacturing, Science & Technology (MS&T)

Job ID
REQ-10022893
Sep 27, 2024
Switzerland

Summary

We are looking for a resilient team player who has recently finished the Master's degree in Biology, Microbiology or related. The department MS&T (manufacturing, science & technology) supports the MU (manufacturing unit) with specialist knowledge and expertise of specific pharmaceutical processes or process technologies. The special team within MS&T for microbiology is responsible to define and implement sterility assurance or contamination control concepts.

Preferred start date: ASAP
Latest start date: 01. Feb 2025
Duration: 12 months (with possibility of extension)

About the Role

Major accountabilities:

- Support MS&T (Manufacturing, Science & Technology Team) regarding definition and implementation of sterility assurance concepts
- Support MS&T (Manufacturing, Science & Technology Team) regarding risk assessing for microbiological related deviations
- Support the establishment and maintenance of the contamination control strategy
- Support Health Authority-Inspections

Minimum Requirements:

Work Experience:

- No actual work experience required since this is a training position

Skills:

- Recent Graduate Master (no longer than 1 year ago) in Microbiology, Biology or related
- Conceptual thinking
- Resilient in stressful situations
- Team player

Languages :

- Fluent in German and English
