

Associate Director, Medical Society & Congresses

Job ID
REQ-10023145
Oct 01, 2024
United Kingdom

Summary

Lead the development and implementation of medical society engagement plan for priority assets/disease areas and corresponding key congresses in alignment with Therapeutic Areas, including supporting external engagement strategy and execution.

About the Role

Major Accountabilities:

- 1. Serve as medical society engagement liaison for key international medical societies aligned with Therapeutic Areas to build and expand strategic engagements for collaborations
- 2. Develop a deep understanding of the mission and vision of key international medical societies and communicate plans and priorities of societies to support Therapeutic Area strategy
- 3. Partner with Therapeutic Areas, CE&E and Scientific Communications to develop innovative strategies and solutions to enhance scientific engagement and expand the reach of medical education with medical societies
- 4. Lead engagement plan development and implementation for key portfolio medical societies in partnership with Therapeutic Areas and other stakeholders, including senior leader congress engagement planning
- 5. Co-lead and partner with Therapeutic Areas, Scientific Communications, and other stakeholders to develop and execute congress plan, including congress narrative for key international medical societies.
- 6. Support development of framework and guidance in partnership with Therapeutic Areas for medical society engagement plan for disease specific medical societies
- 7. Support innovation, best practice sharing, pilot testing, and impact measurement to adapt and evolve medical society engagement and congress planning
- 8. Ensure collaboration with legal/compliance to assess opportunities for collaborations to drive partnerships with key medical society partners

Must have:

- 5+ years' experience in pharmaceutical industry or healthcare related, ideally in medical affairs and/or medical information
- Advanced degree (e.g., MD, PharmD, PhD) or equivalent education/degree in life science/healthcare is preferred
- Proven experience in the Medical Affairs or Medical society and congress engagement and demonstrated innovative approaches
- Understanding of the role of medical societies with deep understanding of industry sponsored and external medical education programs

- Excellent written/oral communication skills
- Thorough understanding of internal/external ethical guidelines relevant to the pharmaceutical industry
- Strategic mindset including innovation and critical thinking with performance-oriented drive.
- Experience working in a matrix environment, across functions, therapeutic areas, regions, and countries
