Summary

Deliver functional expertise as a thought leader in PA function / sub-function to drive functional excellence and collaborate with clients to support / execute priority functional initiatives and innovative projects. Provide functional leadership including trainings on latest functional areas in industry for the team. Responsibility towards functional excellence, quality, timeliness and productivity as per KPI targets for the V&A team. Continually measures outputs, capability and success criteria – Functional Efficiency: ensure quality delivery of projects with no data errors. Drive design and enhancement of existing services / deliverables.

About the Role

Location – Hyderabad #LI Hybrid

About the Role:

Deliver functional expertise as a thought leader in PA function / sub-function to drive functional excellence and collaborate with clients to support / execute priority functional initiatives and innovative projects. Provide functional leadership including trainings on latest functional areas in industry for the team. Responsibility towards functional excellence, quality, timeliness and productivity as per KPI targets for the V&A team. Continually measures outputs, capability and success criteria – Functional Efficiency: ensure quality delivery of projects with no data errors. Drive design and enhancement of existing services / deliverables.

Key Responsibilities:

- Achieve functional excellence by keeping oneself updated on the latest trends/ technologies in the industry
- Create/participate in functional work streams involving local and broader client groups
- Work with Head-V&A for driving functional excellence in the assigned businesses, leading functional initiatives and business development in the assigned areas
- Drive initiatives and projects towards creating scientific and functional excellence (across PMA / HE&OR / EM service deliverables to support the business)
- Ensures output of PA deliverables at highest quality, adhering to timeliness & quality standards
- Effectively network with other Hyderabad functions, as well as any relevant regions/CPOs [Country Pharma Organization] working in the same therapy area or brands to find synergies and enhance quality
- Identifies and resolves functional issues
- Work with Head- V&A for developing senior associates (development/training plans, coaching & mentoring) and also building the functional talent pipeline for assigned businesses
- Contribute to building the V&A culture across site (make presentations and hold training sessions to spread the awareness on V&A)

- Maintains audit, SOP and training compliance

Essential Requirements:

- Pharmaceutical domain knowledge
- MS-Office skills (MS-Excel, MS-Word, and MS-Power-point)
- 10-12 years conducting PA (PMA / HEOR / EM) research / activities for pharmaceutical products in pharma industry, contract research organization, or academic institute; or experience in a closely related discipline within the pharma industry (e.g. clinical research, statistics, epidemiology, pricing analytics)
- Ability to work, prioritize, and drive projects independently
- Proven leadership (people management and project management)
