Summary

Our Development Team is guided by our purpose: to reimagine medicine to improve and extend people's lives.

To do this, we are optimizing and strengthening our processes and ways of working. We are investing in new technologies and building specific therapeutic area and platform depth and capabilities – all to bring our medicines to patients even faster.

We are seeking key talent, like you, to join us and help give people with disease and their families a brighter future to look forward to.

Apply today and welcome to where we thrive together!

About the Role

This role offers hybrid working, requiring 3 days per week in our Dublin, Ireland office.

Key Responsibilities:

- You will maintain regulatory compliant, competitive and up-to-date global labelling documents for assigned products, presenting to the Global Labelling Committee on core data sheet changes.
- You will coordinate and lead the ELTF to agree labelling strategy, labelling course of action and text.
- You will also represent global labelling in relevant sub-teams, research and understand labelling topics across different markets, the competition and regulations.
- You will contribute to the creation of high-quality documents for Health Authorities and interact with Country Organisations to ensure the timely implementation of labelling changes in local product information.

Essential Requirements:

- Bachelors or advanced life science degree.
- Experience in global labelling, or in related areas of the pharmaceutical industry or Health Authorities.
- Strong interpersonal, project management, communication and negotiation skills.
- Ability to lead cross functional teams in a complex work environment.
- Fluency in English.
