Canada

Summary

Location: MONTREAL/TORONTO, #LI-Hybrid

Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

Temporary 12 months contract

About the role:

We are looking for a Life Cycle Management Access Manager to join our team to meaningfully impact access for our patients. In this role, you will work on strategic pricing assessments, life cycle management assessments, business case development and list & net pricing simulations.

This role will work directly with the Value, Access & NPP team and reports to the Pricing, Contracting & Access for Mature Products Director.

About the Role

Key responsibilities:

- Support the development and execution of overall reimbursement strategies that fully leverage the reimbursement potential of his/her brands with public and private payers.
- Supports development of tools such as value decks, calculators, erosion models etc.
- Leads the development of value & access strategies to sustain access and pursue new models for products in mid to late-stage of life cycle
- Contribute to business reviews, forecasting exercises, business cases & pricing approvals etc.

What you'll bring to the role:

Essential:

- Understanding of the pharmaceutical Industry and the Canadian health system
- At least 3 years experience as an Access Manager
- Ability to synthesize complexity, summarize results and convey clear actions
- Curiosity, operational excellence, agility, innovation.
- English proficiency, French is a major asset.

Desirable:

- Analysis & forecasting skills an asset
- Ability to interact with executives or key customers.
